

### **SupraFin signs strategic agreement with TribulusTech**

SupraFin, a wealthtech platform for cryptoassets that promotes financial inclusion, welcomes TribulusTech as its strategic investor and software development partner.

On 9th September 2019, SupraFin signed a strategic agreement with TribulusTech. As part of the agreement, TribulusTech has agreed to commit a team of 9 professionals to finish building the SupraFin platform, which is expected to be launched by March 2020.

Ashish Kumar, founder of Tribulus Tech, said “I believe cryptoassets have a great potential and SupraFin has an excellent team with the right expertise to create the best wealthtech platform for cryptoassets to help individuals invest in a smart, safe, transparent way, and based on their risk and other preferences.”

Liliana Reasor, founder of SupraFin, also added “I am thrilled to work with Ashish and his team to capitalise on their expertise in software development and designing and innovating products for mass adoption of technology.”

SupraFin ([www.suprafin.io](http://www.suprafin.io)) was founded by Liliana Reasor, an entrepreneur and crypto, blockchain, and FinTech thought leader, with 20 years of experience in FinTech and investment banking from tier-one financial institutions such as JP Morgan, Bank of America, Deutsche Bank, Morgan Stanley, and Moody’s Analytics.

TribulusTech ([www.tribulustech.com](http://www.tribulustech.com)), a software and hardware development company, was founded by Ashish Kumar, an entrepreneur with 10 years of experience in FinTech, IoT, ecommerce, digital media, and media/entertainment businesses in India and globally. Ashish is a financial partner to founders and CEOs, with an emphasis on strategic planning, investor relations, corporate development, business development, human resources, IT, business operations and business analytics.
